*"Saving companies money, improving productivity and increasing employee morale, while satisfying regulatory compliance"*

This Health and Safety Institute's (HSI) extremely flexible program will help employers meet OSHA and other federal and state regulatory requirements for training employees how to respond and care for medical emergencies at work. The intended audience is individuals who are not healthcare providers or professional rescuers who desire, or are occupationally required, to be trained and certified in adult first aid, CPR and AED. This program conforms to the 2020 AHA Guidelines Update for CPR & ECC and the 2020 AHA and ARC Focused Update for First Aid. Certification period is 2 years from month of issue.

Course segments include:

- Emergency First Aid Care
- Personal Safety
- Assessing for Response
- Opioid Overdose
- Mechanism for Spinal Injury
- Basic Life-Supporting Skills
- Airway – Head-Tilt, Chin-Lift
- Clearing the Airway – Log Roll
- Protecting Airway – Recovery Position
- Breathing – Ventilations Mask/Shield
- Circulation – Chest Compressions
- Initial Assessment
- Unresponsive Patient
- Adult CPR for Cardiac Arrest
- Managing Shock
- Choking
- Control of Bleeding
- Soft Tissue Injuries
- Heat and Cold Related Emergencies
- and more
